

## **Public Enquiries Regarding Issues Related to the Community (Clinics)**

The public enquiries offices are available in each and every Clalit district. The unit is your address for topics related to the service provided in or through the clinics, and you can also contact us on topics related to the health basket of services and medication.

### **Important to know:**

Clalit takes the most advanced measures to safeguard your information and maintain its confidentiality. At the same time, email traffic (including the files you need to attach) is sent over a public internet network and Clalit therefore has neither the means nor the responsibility to secure the information or the quality of communication through this channel. By attaching files and sending them via email, you are declaring that you are aware that Clalit bears no liability whatsoever for securing the information, and that said information is subject to the public Internet information protection policy.
